

COMPASSION CHRISTMAS CRAFT

The Season of Advent is just about here and it's a great time to get prepared so that we can enjoy the season without distractions. This Advent Wreath DIY is simple to make and is fairly inexpensive.

Let's start out with the supply list you'll need to make this advent wreath. I have links posted below to either the exact or similar items I used for making our advent wreath.

You can definitely substitute with any item you prefer or supplies you have on hand.

HOW TO MAKE AN ADVENT WREATH

This wreath is incredibly simple to make.

1. First, take your garland and wrap it around your wire wreath until it is completely covered. Use your hot glue to hold it in place.
2. Next, you'll take your white ribbon and wrap it around until you've found your desired placement. Secure it with a small dab of hot glue.
3. Using a little bit of floral wire or greenery ties, space out the candle holders as evenly in place as possible and secure in place.
4. Fill in empty areas of your wreath with your purple poinsettia flowers and use a little bit of hot glue to hold them in place.
5. Add your candles and voila, you've made a super simple advent wreath.
